Single- and multi-user licenses

A single-user license of a FRILO program allows the use of this program on any workstation. Simultaneous use of a program on different workstations requires further licenses of the corresponding program. Further informations: [Conditions](#).

Prices for multi-user licences

The following fees are charged for multi-user licenses:

For each additional licence (2-5)	40% of the list price
For each additional licence (6-10)	20% of the list price
For each additional licence (>10)	10% of the list price

If you have concluded a Software-Service-Contract, the fee increases by the same percentage values.

Discount on Software-Service-Contract (SSC)

Customers with an active SSC receive a 10% discount on the current list prices when purchasing more FRILO programs or licenses. Customers with a SSC fee of more than 100 €/month for the first license will receive a 40% discount. If the SSC fee is between 40 € and 100 €/month for the first license, the discount will be interpolated linearly. The current SSC discount is shown individually on each offer.

Shipment

The shipment of the license via email is free. The installation of the software can be executed via download from the frilo-homepage. Optional: Delivery on USB stick (installation and license) for a service fee of 29.90 € + shipping fee of 6.50 €.

The current Terms and Conditions of Business of FRILO Software GmbH apply. Subject to change without notice. The latest price list applies.
